- President, Cincinnati .NET User's Group

AGILE MANIFESTO

We are uncovering better ways of developing software by doing it and helping others do it. Through this work we have come to value:

Individuals and interactions over processes and tools

Working software over comprehensive documentation

Customer collaboration over contract negotiation

Responding to change over following a plan

That is, while there is value in the items on the right, we value the items on the left more.

http://agilemanifesto.org

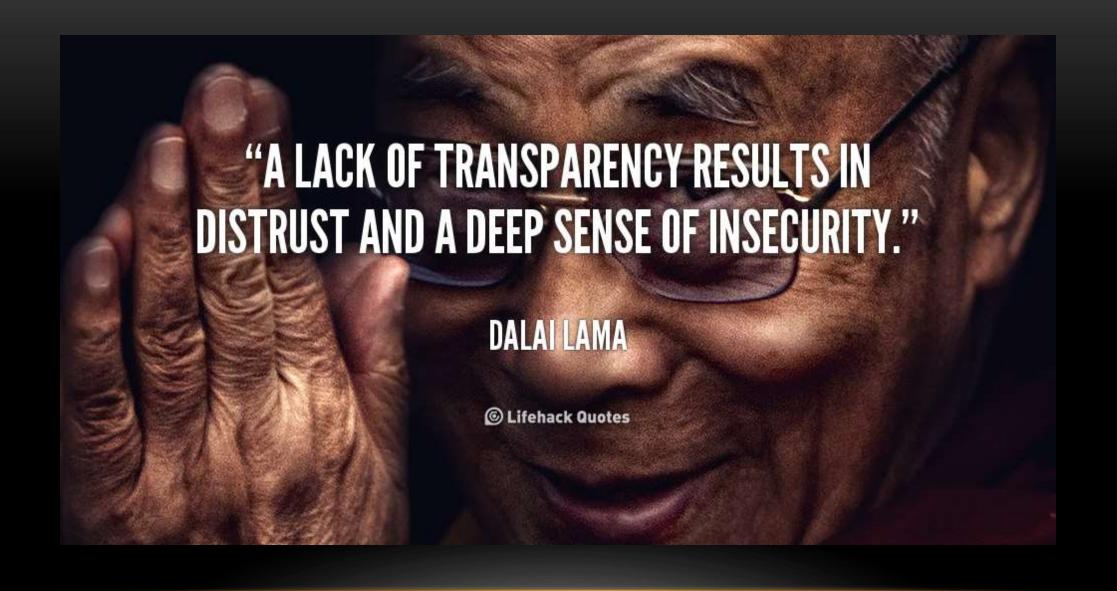

YOU KEEP USING THAT WORD

I DON'T THINK YOU KNOW WHAT IT MEANS

WHAT IS AGILE REALLY?

- **Transparency**
- **Collaboration**
- Rapid feedback
- Continuous improvement/Eliminating Waste

TRANSPARENCY

BE BRUTALLY HONEST

PROVIDE FULL DISCLOSURE WHENEVER POSSIBLE

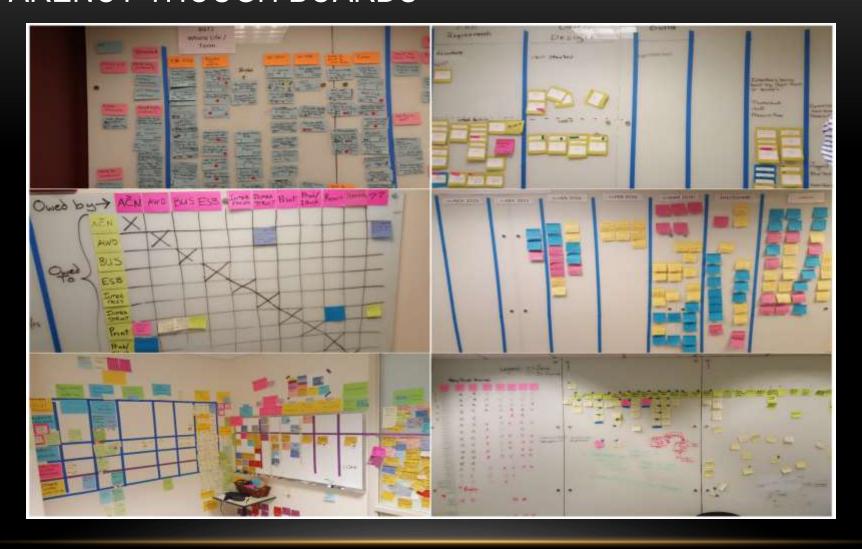

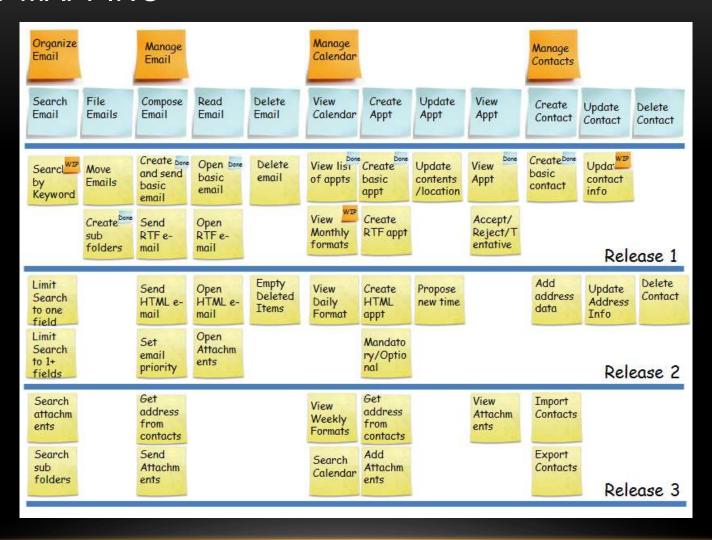

MAKE WORK, STATUS, RESULTS VISIBLE AT ALL TIMES

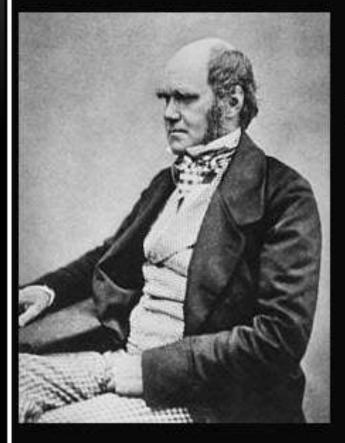

TRANSPARENCY THOUGH BOARDS

USER STORY MAPPING

COLLABORATION

In the long history of humankind (and animal kind, too) those who learned to collaborate and improvise most effectively have prevailed.

(Charles Darwin)

IT'S NOT HUMAN BATTLE CHESS

BE AGILE IN YOUR COMMUNICATIONS

DAILY STANDUP

PAIRING

http://blogofpaul.merecomplexities.com/articles/165

CROSS TRAINING IS KEY

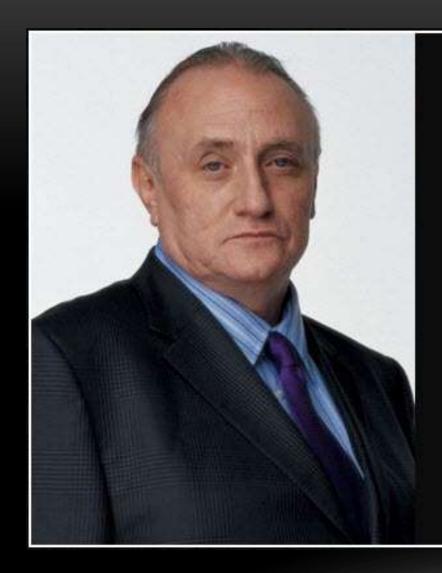

GO BEHIND ENEMY LINES

GET RID OF THE TABLE

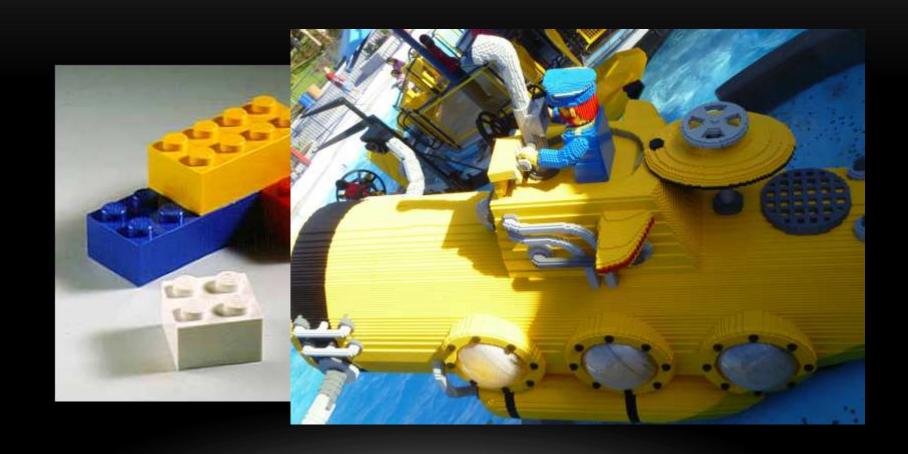

RAPID FEEDBACK

There are no failures - only feedback.

— Richard Bandler —

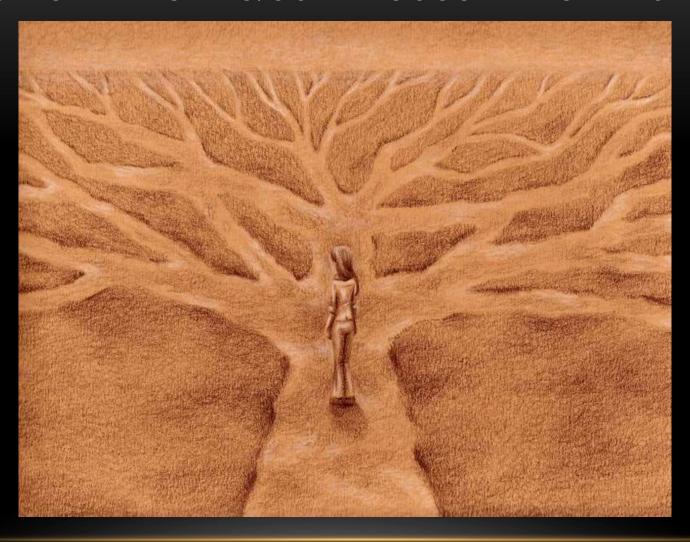

TEST DRIVEN DEVELOPMENT

BEHAVIOR DRIVEN DEVELOPMENT

DEVELOPERS – UNIT TESTING/CONTINUOUS INTEGRATION

PRODUCT TEAM - ACCEPTANCE CRITERIA

How the customer explained it

How the Project Leader understood it

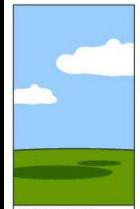

How the Analyst designed it

How the Programmer wrote it

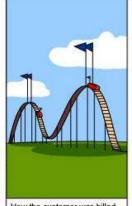

How the Business Consultant described it

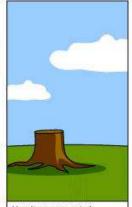

How the project was documented

What operations installed

How the customer was billed

How it was supported

What the customer really needed

QA - IN-SPRINT TESTING

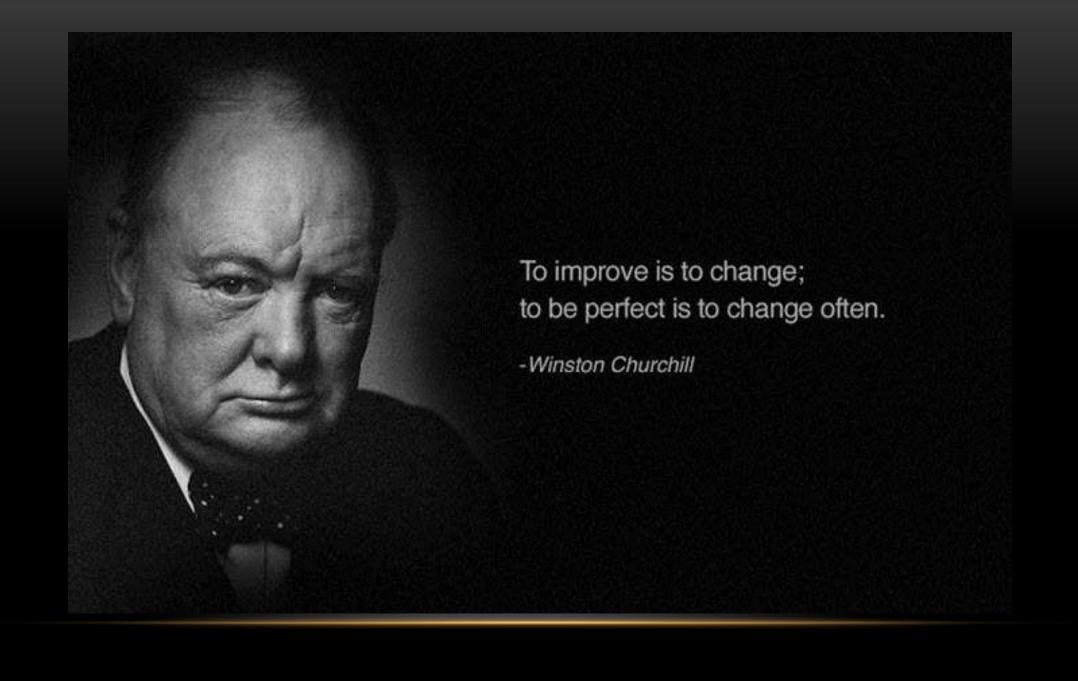

STAKEHOLDERS, USERS - SPRINT REVIEW

severestcs.com/secure/images/Presentations8.jpg

CONTINUOUS IMPROVEMENT

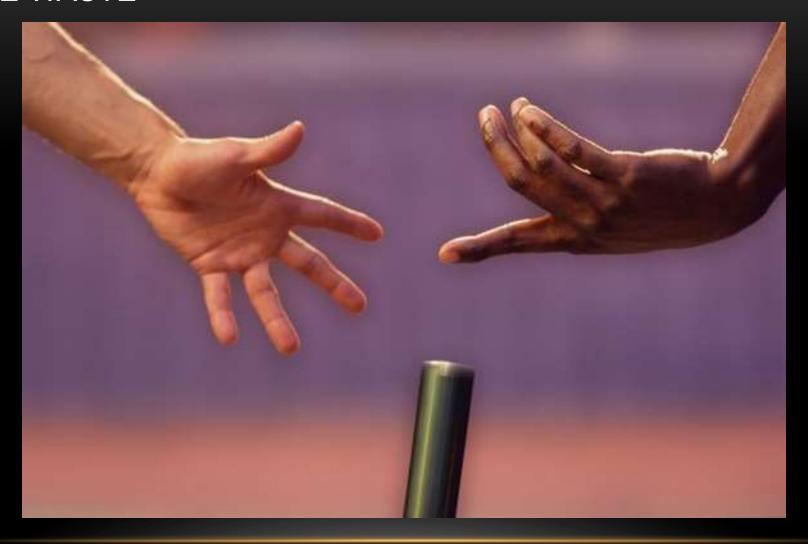

FOCUS ON SIMPLICITY

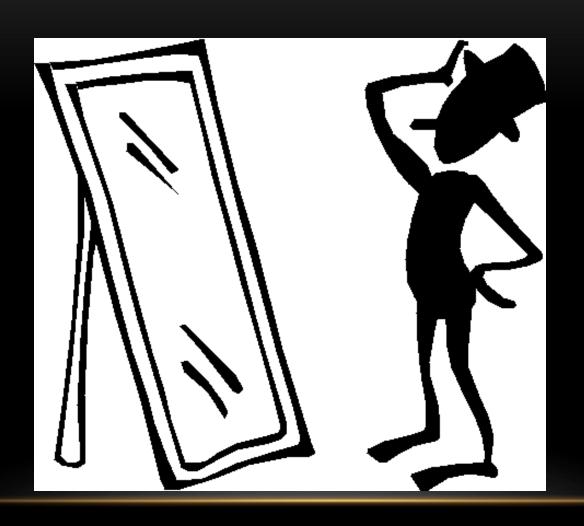

CAN AN 8 YEAR OLD UNDERSTAND IT?

ELIMINATE WASTE

HAVE REGULAR RETROSPECTIVES

MAKING THE TRANSITION

CHANGE HAPPENS

IT CAN BE MADDENING

SO WHAT SHOULD YOU DO?

HAVE REALISTIC EXPECTATIONS

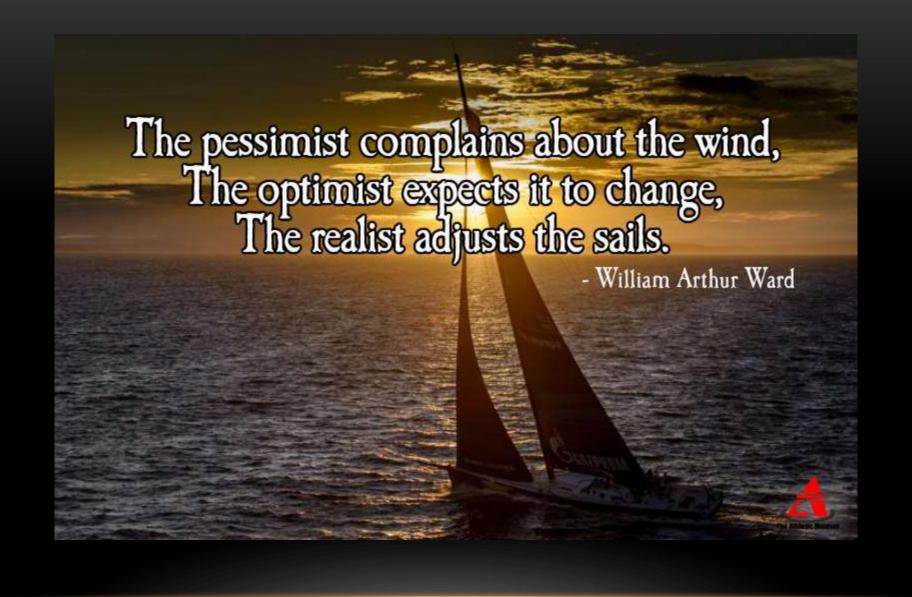

- Be patient. Doing it right takes time. It's not a fad diet.
- Don't be overzealous.
- Plan for the worst, hope for the best.
- Don't underestimate the politics.
- Change your job, or change your job.

IT'S A JOURNEY, NOT A DESTINATION

YOU NEED TO "BE" AGILE, NOT "DO" AGILE

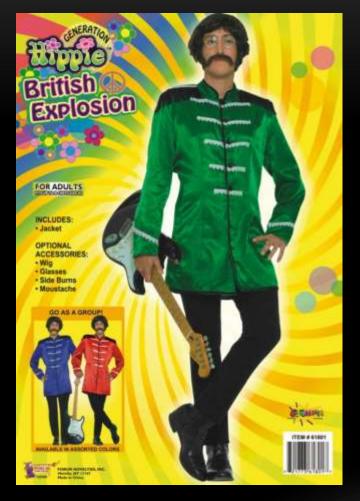

DON'T FORCE IT

BEWARE THE LATEST HOTNESS

SURVIVE THE WATERFALL
